Ethical Challenges in Managed Care: A Casebook, 1999 ...

Health Care Ethics For Psychologists: A Casebook explores the ethical questions encountered most often by practitioners in health care settings. Ethical challenges occur almost routinely in health care. Issues of informed consent, respect for patients' dignity and confidentiality, the balance between patient and family rights, and billing for services under managed care are just a few of the topics that challenge psychologists to uphold their ethical obligations across the health care continuum.
