### A Man With One Of

In reality a man possessing one watch has no idea whether it is the correct time unless he is able to compare it to a known Time standard. This situation is not made any worse by having two watches, because the probability of all combinations of states of these watches needs to be taken into account in order to know the right time.

### Segal's law - Wikipedia

However, the identity of the man in the photograph is not known with certainty, as known photographs of Landmesser show that there is little resemblance between the two. Increasingly, historians are siding with another family's claims that the man is Gustav Wegert (1890–1959), a metalworker at Blohm+Voss who habitually refused to salute on ...
