Are You a Warrior? And If So, What Kind? | Psychology Today

The Warrior soul The Warrior is one of the seven soul types or roles in essence. The Warrior's specialty is forceful interaction, especially with those who oppose or threaten. "I came, I saw, I conquered."

The Warrior soul - Personality & Spirituality

The male warrior hypothesis is an evolutionary psychology hypothesis by Professor Mark van Vugt which argues that human psychology has been shaped by between-group competition and conflict. Specifically, the evolutionary history of coalitional aggression between groups of men may have resulted in sex-specific differences in the way outgroups are perceived, creating ingroup vs. outgroup tendencies that are still observable today. According to this hypothesis, intergroup conflict represents an opp
