Cymbidium Orchid Colorful and lush, Cymbidiums make dramatically beautiful houseplants. They're among the easiest orchids to grow indoors, reliably producing flower spikes covered with up to 30 blossoms, each 2-5 inches across and lasting 8 weeks or more. They are available in a wide range of fantastic color combinations.

Cymbidium Orchid | Portland Nursery

Both the plants and the blooms vary greatly in shape and size, while the colours of the blooms range from white through flushes to yellow, rose and to the deepest possible crimson-purple. Den Warringah Many Dendrobium types produce blooms, which last for weeks, 6 to 8 weeks being common.

Cymbidiums are one of the most enduring types of orchids when it comes to temperature. They have been observed growing in temperatures ranging from as low as 18°F to as high as 110°F, for a certain limited period of time. These species of orchids are best grown outdoors because they can survive virtually any temperature change.

Cymbidium Orchids - Orchid Care Zone

Cymbidiums are wonderful orchids to grow in the middle and coastal regions of the United States and other temperate countries. They can be grown outside during the spring, summer, and fall, and moved back inside at the first threat of frost. During the summer, they will grow quickly, sending up new pseudobulbs topped with long, strappy leaves.

Maroochydore Orchid Society Inc.

Cymbidium (sym-BID-ee-um) orchids are often used in cut flower displays as well as in corsages. Cymbidium orchids are often called “boat orchids” and the flowers are usually large in size and display a patterned lip. The flowers can last anywhere from 8-10 weeks and they come in almost all colors except blue.

Cymbidium Orchid Care: The Basics | OrchidsMadeEasy.com

These well-loved plants produce large, attractive flowers that come in many different colors. The roundness of these flowers is a very desirable trait. Even though they are tolerant of extreme temperatures, to thrive and to produce flowers, they require frost-free cool nights (below 53°F/12°C) and warm days.
