### Laravel: Best Practices

Laravel Testing Decoded Quotes Showing 1-1 of 1 "make every effort to test in isolation. If doing so seems impossible, then it's likely that your code should be decoupled." — Jeffrey Way, Laravel Testing Decoded

### Laravel Testing Decoded Quotes by Jeffrey Way

I've had a discussion with other developers in the Russian Laravel community and some guys told me that testCamelCase naming is wrong for Laravel tests and test\_snake\_case should be used instead. It's pretty important to me to understand what one is accepted by the community because I want to build a high-quality guide.

### Method naming conventions - Laracasts

Unit Testing with Laravel. Laravel is the most popular PHP framework for application development. From the testing perspective, it is also known to be highly adequate for its creative testing features. In Laravel, there are two ways to test your app. One is with Unit testing while other is with Feature testing.
