Meet Mafiaboy, The 'Bratty Kid' Who Took Down The Internet ...

Mafiaboy, apparently, was a young hacker that became famous in the inner circuits of internet hacking. Not enough to become a blockbuster, the telling of the story lacked some elements like suspense, dramatic prose, and did not really command my attention as a reader. I did buy the book, anyways, perhaps hoping for something else.

Mafiaboy: A Portrait of the Hacker as a Young Man: Calce ...

By Kevin Johnson USA TODAY MONTREAL -- Nearly a year after a hacker shut down some of the biggest names on the Internet -- causing an estimated \$1.3 billion in lost business -- prosecutors and lawyers representing a defendant known as Mafiaboy are locked in a high-stakes game of chicken over whether the case will go to trial.
