When giving oral presentations, certain challenges are inevitable. As you compose your presentation, strategize on how you will confront these challenges. For instance, maintain control; the more interaction with your audience, the less control you will have. Help the audience understand

what you want them to learn from your presentation.

**What Is the Purpose of an Oral Presentation? | Bizfluent**

Identified challenges and solutions were prioritised by ranking 1-5, with 1 most important and 5 being least important. Results: The first three challenges identified were inadequate human resources (34.29%), inadequate budgetary allocation to health (30%) and poor leadership and management (8.45%). The leading solutions suggested included ...
