Modern house plans feature lots of glass, steel and concrete. Open floor plans are a signature characteristic of this style. From the street, they are dramatic to behold. There is some overlap with contemporary house plans with our modern house plan collection featuring those plans that push the envelope in a visually forward-thinking way.

Open house plans can still create separation between rooms, either visually or with low barriers. By using different ceiling heights, flooring materials, and columns and beams, the architect creates "rooms" without walls. Also, half walls or countertops - say between the kitchen and other living spaces - can accomplish the same thing.
