Space, territory, and territoriality - ResearchGate

Territoriality is a term associated with nonverbal communication that refers to how people use space (territory) to communicate ownership or occupancy of areas and possessions. The anthropological concept branches from the observations of animal ownership behaviors. Personal space can be regarded as a bubble with a person at the center, forming an area which the person does not wish to be invaded.

Territoriality (nonverbal communication) - Wikipedia

In everyday usage, territory is usually taken to refer to a portion of geographic space that is claimed or occupied by a person or group of persons or by an institution. In this way it can be seen as
