of commercial agriculture and genetic engineering on the food we eat, the farmers who grow it, and the soil that sustains it. This prescient critique and call to action covers some of the most pressing topics of this ongoing dialogue, from the destruction of local food cultures and the privatization of plant life, to unsustainable industrial fish farming and safety concerns about corporately ...

Stolen Harvest: The Hijacking of the Global Food Supply ...

Stolen Harvest refers to the corporate control over global food, primarily in India. The presence of globalized industrial farms in India caused the food grains to be appropriated and exported forcefully. The export of food grains continued in spite of the fact that people were going hungry.
