The Origins of Grammar: An Anthropological Perspective ...
Reviews ""Martin Edwardes has written a knowledgeable and thoughtful book on the origins of grammar. I am happy to say that Edwardes' book complements my own book of the same title, taking a similar view on central issues such as the importance of meaning, of social interaction and a gradualist view of evolution.

The Origins of Grammar presents a synthesis of work done by the authors, who have pioneered one of the most important methodological advances in language learning in the past decade: the intermodal preferential looking paradigm, which can be used to assess lexical and syntactic knowledge in children as young as 13 months.

The Origins of Grammar | The MIT Press
The Origins of Grammar. Language in the Light of Evolution II. James R. Hurford. Oxford Studies in the Evolution of Language. Description. This is the second of the two closely linked but self-contained volumes that comprise James Hurford's acclaimed exploration of the biological evolution of language. In the first book he looked at the evolutionary origins of meaning, ending as our distant ancestors were about to step over the brink to modern language.

The Origins of Grammar - James R. Hurford - Oxford ...
In linguistics, grammar (from Ancient Greek γραμματικη) is the set of structural rules governing the composition of clauses, phrases and words in a natural language. The term refers also to the study of such rules and this field includes phonology, morphology and syntax, often complemented by phonetics, semantics and pragmatics . Fluent speakers of a language variety or lect have a set of internalized rules which constitutes its grammar.

Grammar - Wikipedia
A grammar-school(ate 14c.) originally was a school for learning Latin, which was begun by memorizing the grammar. In U.S. (1842) the term was put to use in the graded system for a school between primary and secondary where English grammar is one of the subjects taught.

grammar | Origin and meaning of grammar by Online ...
At least that's how I remember the name. That's your Quick and Dirty Tip: It's the sound of the next word, not the first letter of the next word, that determines whether you want "a" or "an." Consonant sounds call for an "a," and vowel sounds call for an "an."
